

PETRA PERDANA GROUP OF COMPANIES

QUALITY POLICY STATEMENT

It is the PETRA Perdana Group of Companies' ("PETRA") policy on Quality to maintain an optimum quality system, planned and developed in relation to the management functions, to ensure that facilities are available to sustain the quality of our products and services. In this context, the Executive Management's program for continuous improvement will enable PETRA to regularly review its performance based on the policy objectives.

Our commitment to Quality is reflected in our objectives to:

- Supply quality parts, components and equipment at internationally competitive prices
- Provide all phases of mechanical engineering work meeting clients' specifications
- Perform defect-free work at all times
- Understand the full specifications and intended requirements of our clients
- Comply with or exceed the requirements of our clients, if necessary

with particular emphasis on Quality Assurance Standard ISO 9001 Certifications.

PETRA is in the business of manufacturing parts and components for mechanical and rotating equipment, maintenance, fabrication, construction, design engineering, installation, testing and commissioning services for the Oil & Gas, Petrochemical and related industries. The nature of our business requires strong emphasis on expertise, capability, reliability, safety and quality.

Thus, PETRA is committed to providing services that add value and contribute towards the success of our clients and business performance.

As part of our commitment, the management shall ensure that the policy on Quality is understood, implemented and maintained at all levels of business operations within PETRA.

A handwritten signature in black ink, appearing to read "Ibrahim Petra", is positioned above the name of the Executive Chairman.

YM TENGKU DATO' IBRAHIM PETRA
EXECUTIVE CHAIRMAN / CEO
